Office-note

Subject Postponement of the period for payment of annual instalments, from June to December of each year, in respect of two Agricl. Banks.

An advance of Rs15,000 was sanctioned by Govt on the 1st April 1896, to each of the Agricultural Banks at Kyatasandra and Manchagal-Kuppe, in the Tumkur Taluk, with the direction that interest at 4 percent per annum should be recovered from the Banks half yearly upto 30th June and 31st December of each year. The members of both the Banks represented to the Inspector of Agricr Banks, that owing to failure of rains & consequent loss of crops in their gardens, they ~~had~~ had to undergo heavy expenses for sinking Kapile wells &c that they had been called upon to pay the first annual instalment (of Rs 1500) towards repayment of the Govt loan, by the end of June 1901, and that they were not able to do so, for want of means to pay.

In submitting their applications for the orders of Govt, the Deputy Commissioner brings to notice that the Members of the Banks above mentioned, who have already incurred a large outlay in providing bullocks &c, in connection with Kapile wells sunk, find it hard to repay the instalments at the end of June, with the heavy garden assessment on their lands and that the arecanut crops of garden lands in these parts are usually harvested in November. He therefore recommends that the prayer of the members for postponement

Sir

In submitting herewith, for orders of Government, the applications from the Presidents of the Agricultural Banks at Kyatsandra and Manchagal Kuppe in the Tumkur Taluk, praying for the postponement, till December instead of June every year, of the payment of the annual instalments towards the loans granted to the said Banks, I have the honor to state that the arecanut crops of the garden lands in those parts, for the improvement of which the Banks have been established, are usually harvested in November.

2. It is reported that the Bank-Members who have already incurred a large out lay in providing bullocks &ca. in connection with the Kapile wells &c, owing to the failure of rain for their lands and tanks, find it hard to repay the instalments at the end of June with the

heavy garden assessment. I am therefore of opinion that the request of the Members of the Banks is deserving of consideration.

I have the honor to be,
Sir,

Your most obedient servant
